

## ACTIVE INTERNATIONAL STOCK FUND

### Fund Objective

The Fund seeks long-term capital appreciation by investing in the stocks of foreign companies. The Fund seeks to outperform the MSCI ACWI ex USA ex China IMI Index.

### Fund Composition

The Fund invests in common stocks of foreign companies and offers broad exposure to foreign markets by investing in both developed and emerging markets. The Fund seeks to maintain diversification across economic sectors and geographic regions.

### Investor Profile

Foreign stock investments may be appropriate for an investor seeking higher potential returns over time and willing to weather market downturns. Foreign stocks can be an important part of a diversified portfolio that includes other asset classes, such as bonds or U.S. stocks.

### Fund Risks

The performance of the Fund depends on the value of its holdings. Stock values may vary from day to day in response to individual companies and general market and economic conditions. In the short and intermediate term, stock values may be volatile and a loss of principal may occur. Over the long term, however, they have the potential for higher returns than bond or money market investments. Foreign securities generally pose greater risks than domestic securities, including greater price fluctuations and higher transaction costs. Foreign investments may also be affected by changes in currency rates or currency controls.

### Fund Manager

The Fund is managed by Fisher Investments.

### Fund Fee: 0.80% (as of 01/01/2025)

Fees represent the annualized fee paid to the fund manager plus plan administration fees, expressed as a percentage of the fund's value.
