- Please type or print, blue ink is preferred.
- Read all instructions carefully. The instructions on even-numbered pages correspond to the section of the form to be completed on odd-numbered pages. The form begins on page 5.
- Remember you will need to initial, write the last four numbers of your Social Security number, and date on pages 7, 9, 11, & 13. Please note that page 18 will need to be completed and notarized. Your signature, the last four numbers of your Social Security number, and the date are needed on page 20.
- Make a copy of the application and any attachments for your records.
- Return completed application directly to ERSGA.

Omitted or incomplete information will delay processing. (See the check list on page 19.)

Privacy Note

IRS regulations require ERSGA to obtain the social security number of any member before processing his or her election to retire. Disclosure is mandatory and this application will not be processed without this information.

Filing Your Application

This application may be filed with ERSGA *no sooner than 90 days* before the effective date of retirement. Retirement applications that are received *less than 30 days before the effective retirement date* will result in a retroactive payment on the next available monthly payroll. This application is not considered filed until it is received by ERSGA.

Effective Retirement Dates

All retirement dates are effective on the first day of the month, but not before:

- Your termination of ERS eligible employment, and
- On or after meeting the age and/or service qualifications, and
- The month your completed retirement application is received at ERSGA

The first monthly retirement allowance is paid on either the last working day of the month in which your retirement effective date occurs or the next available payroll month

Disability Retirement

This application is for service retirement only. If you wish to apply for disability retirement, please access our website or contact our office (see page 1 for contact information) and request a PSERS Disability Retirement Application.

Before Retirement

Making Changes to this Application after Filed

Once you have filed a Service Retirement Application, any changes in the retirement allowance options, dates or beneficiaries listed in this application must be received by ERSGA in writing prior to the last business day of the effective month of retirement. Changes received less than 20 days prior to retirement may delay the issuance of your first check. All retirement options are final when the first retirement allowance becomes due on the last business day of the effective retirement month or payroll month. After Retirement exceptions are specified in the options instructions of this form.

Purchasing Service

All service purchases must be completed prior to termination.

Terminating State Employment

After receiving your retirement application, ERSGA will contact your state employer for confirmation of retirement. You must terminate from state employment prior to the effective date of your retirement. If you fail to terminate your state employment or return to state employment within one month of the effective retirement date, this application will be void.

After Retirement

Re-Employment Limitations

All service retirees who return to PSERS-covered employment after retirement and after age 65 must choose whether to continue to receive the retirement benefit or become an active PSERS member again. If under age 65, you will automatically become an active member upon rehire and your retirement benefit will be suspended. Upon attaining age 65 during the period of rehire, the member will have the opportunity to elect whether to continue as a member or begin receiving a monthly benefit again.

Disability retirees may not go back to work for the school system in the same type position from which they retired.

Post-Retirement Benefit Adjustments

- Post-Retirement Benefit Adjustments are subject to the approval of the ERS Board of Trustees
- A Post-Retirement Benefit Adjustment is not guaranteed and you should not base your financial decisions on the possibility of an increase until an increase has been announced

Making Changes

Retirement Options

Options cannot be changed on or after the first day the retirement allowance normally becomes due on the last business day of the effective retirement month or payroll month, whichever is later, unless you are unmarried at the time of retirement. If you are not married when you begin to receive your retirement benefit, and you subsequently marry, you may change your benefit payment option within six months of your marriage to an actuarially reduced benefit that provides your new spouse with a survivor benefit.

Beneficiaries

- Primary Beneficiary(ies) –
 - If you chose the Maximum Plan or Option B Period Certain, you may change your Primary Beneficiary(ies) at any time.
 - If you chose the Option A(a), A(b), A(c) Specified or A(c) Max Beneficiary Amount at retirement, the right to change your Primary Beneficiary is limited.
- Secondary Beneficiary(ies) – Secondary Beneficiaries may be changed at any time, regardless of your retirement option.
- Beneficiary changes take effect when ERSGA receives the changes in writing. You can download a copy of the Retiree's Change of Beneficiary form from our website: www.ers.ga.gov.

Address and Taxes

Changes for your address, federal taxes, and state of Georgia taxes can be made at any time. Changes received in the ERSGA office by the 18th of the month should be reflected on that month's payment. You can Log In to your online account to make these changes, or download copies of the address change, federal W-4P, and state of Georgia tax withholding forms from our website: ers.ga.gov.

Direct Deposit

Direct deposit is mandatory and should begin with your first monthly benefit payment. You can Log In to your online account to make changes, or download a copy of our direct deposit form from our website: ers.ga.gov.

Once you have filed a Service Retirement Application, any changes in the retirement allowance options, dates or beneficiaries listed in this application must be received by ERSGA in writing prior to the last business day of the effective month of retirement. Changes received less than 20 days prior to retirement may delay the issuance of your first check. All retirement options are final when the first retirement allowance becomes due on the last business day of the effective retirement month or payroll month. After Retirement exceptions are specified in the options instructions of this form.

The Board of Trustees and PSERS developed this retirement application to provide general information about your retirement benefits. In the case of any conflict between what is presented here and the laws governing this System, the law will take precedence.

Retirement Options

Maximum Plan: This option provides the highest, lifetime monthly benefit to you. No monthly benefit is payable after death. At your death, your named beneficiary(ies) will receive a single payment of any funds remaining in your contributions and interest account. You may name your Estate, a charity, a trust or a living person(s) as your beneficiary. You may change your beneficiary(ies) at any time.

Option A: These options provide a reduced monthly benefit for your lifetime and a survivor benefit at your death. If your beneficiary predeceases you, your monthly allowance will terminate at your death. (Multiple beneficiaries will receive partial amounts based on age.)

Option A(a) 100% Joint & Survivor* - At your death, your named, living, primary beneficiary designated at retirement will receive the same monthly allowance.

Option A(b) 50% Joint & Survivor - At your death, your named, living, primary beneficiary designated at retirement will receive half of your monthly allowance.

Option A(c): Option A(c) is highly individualized and you may be able to convert your monthly allowance into one of several methods of payment. If you are interested in Option A(c), please visit our self-service website or request an estimate before choosing. The most common choices for Option A(c) are:

Flat amount to beneficiary: You designate how much you want your primary beneficiary named at retirement to receive after your death. You may not specify more than the amount payable to you.

Max Amount to Beneficiary*: *If Option A(a) is unavailable because you have listed a non-spouse beneficiary more than 10 years younger than you, this option provides the highest possible benefit to your beneficiary:* This option provides a reduced monthly benefit for your lifetime and the highest survivor benefit at your death to your primary beneficiary(ies) named at retirement.

Option B: Under this option you will be paid a monthly benefit for the guaranteed payment period you select (5, 10, 15, or 20 years) or for your lifetime, whichever is longer. Upon your death, any payments remaining payable under the guaranteed period will be paid to your beneficiary.

- 5 Years (60 Payments)
- 10 Years (120 Payments)
- 15 Years (180 Payments)
- 20 Years (240 Payments)

**Please note: To ensure compliance with IRS requirements for qualified plans, retirees might not be eligible to designate the full 100% retirement benefit under Option A(a) if they elect a non-spouse beneficiary who is more than ten years younger than the member/retiree. If this is applicable, the retiree will be notified of the maximum permissible amount which can be allocated to the non-spouse beneficiary. The maximum permissible amount will be available under Option A(c) Max Amount to Beneficiary.*

Regardless of Option Elected: If the Gross benefits paid to you the retiree and your beneficiary(ies) do not exceed your contributions and interest amount at the time of retirement, a refund of the remaining amount will be paid to the primary beneficiary(ies) unless the primary predeceases the retiree then the payment will go to the secondary beneficiary(ies).

Monthly Retirement Allowance Options

Please check only one box below to indicate your choice of monthly retirement allowance option. If you make a mistake, write your initial next to the correct choice. You may reference page 6 of this application, your estimate, the handbook, or Option Chart for additional information regarding the options.

Naming Your Retirement Allowance Beneficiaries

- You may name one or more primary and/or contingent beneficiaries. If you want to name more than three, please list the additional beneficiaries on a separate sheet.
- Retirement applications without a listed beneficiary will not be processed.
- Secondary beneficiaries may be changed at any time.
- A will does not take precedence over this designation. Benefits are not assignable by wills.
- Please verify all birth dates. Correct birth dates are essential in calculating benefits.
- **If you are unmarried at the time of retirement but later marry, you may elect a Joint & Survivor option with your new spouse as primary beneficiary; however you must make this choice in writing within 6 months after your marriage. Your benefit will reduce, but you can leave a lifetime monthly benefit to your new spouse.**

Maximum and Option B Period Certain (5, 10, 15, & 20 years)

- You may change beneficiaries at any time.
- Your secondary beneficiaries will not receive any benefits unless **all** primary beneficiaries are deceased or have disclaimed their benefit.
- If you choose your Estate, a Trust, or an Institution, you do not need a secondary beneficiary.
- If you choose to designate multiple primary beneficiaries, benefits will be distributed equally to each of your surviving beneficiaries unless otherwise designated.
- If you name multiple beneficiaries, you may designate the percentage you want each beneficiary to receive. Just put the percentage in parentheses (%) after each beneficiary's name (must equal 100%).

Options A(a), A(b), & A(c)

- If you name multiple primary beneficiaries, the amount each beneficiary would receive is calculated when you retire. Should any beneficiary predecease you, the living beneficiary(ies) would still receive the amount determined at retirement.
- You may change your primary beneficiary only if you were unmarried at the time of retirement.

*To ensure compliance with IRS requirements for qualified plans, retirees might not be eligible to designate the full 100% retirement benefit under Option A(a) if they elect a non-spouse beneficiary who is more than ten years younger than the member/retiree. If this is applicable, the retiree will be notified of the maximum permissible amount which can be allocated to the non-spouse beneficiary under Option A(c).

Regardless of Option Elected: If the Gross benefits paid to you the retiree and your beneficiary(ies) do not exceed your contributions and interest amount at the time of retirement, a refund of the remaining amount will be paid to the primary beneficiary(ies) unless the primary predeceases the retiree then the payment will go to the secondary beneficiary(ies).

Maximum & Option B Period Certain (5, 10, 15, & 20) – Any person, estate or organization may be listed. Option A(a), A(b), or A(c) – Any living persons may be listed.

General Instructions

Section references are to the Internal Revenue Code.

Future developments. For the latest information about any future developments related to Form W-4P, such as legislation enacted after it was published, go to www.irs.gov/FormW4P.

Purpose of form. Complete Form W-4P to have payers withhold the correct amount of federal income tax from your periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments. Federal income tax withholding applies to the taxable part of these payments. Periodic payments are made in installments at regular intervals (for example, annually, quarterly, or monthly) over a period of more than 1 year. Don't use Form W-4P for a nonperiodic payment (note that distributions from an IRA that are payable on demand are treated as nonperiodic payments) or an eligible rollover distribution (including a lump-sum pension payment). Instead, use Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions, for these payments/distributions. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Choosing not to have income tax withheld. You can choose not to have federal income tax withheld from your payments by writing "No Withholding" on Form W-4P in the space below Step 4(c). Then, complete Steps 1a, 1b, and 5. Generally, if you are a U.S. citizen or a resident alien, you are not permitted to elect not to have federal income tax withheld on payments to be delivered outside the United States and its territories.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. If your tax situation changes, or you chose not to have federal income tax withheld and you now want withholding, you should submit a new Form W-4P.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Have social security, dividend, capital gain, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
2. Receive these payments or pension and annuity payments for only part of the year.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you (or you and your spouse) receive. If you do not have a job and want to pay these taxes through withholding from your payments, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Payments to nonresident aliens and foreign estates. Do not use Form W-4P. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, write "No Withholding" in the space below Step 4(c). See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you have at least one of the following: income from a job, income from more than one pension/annuity, and/or a spouse (if married filing jointly) that receives income from a job/pension/annuity. The following examples will assist you in completing Step 2(b).

Example 1. Bob, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Bob also has a job that pays \$25,000 a year. Bob has no other pensions or annuities. Bob will enter \$25,000 in Step 2(b)(i) and in Step 2(b)(iii).

If Bob also has \$1,000 of interest income, which he entered on Form W-4, Step 4(a), then he will instead enter \$26,000 in Step 2(b)(i) and in Step 2(b)(iii). He will make no entries in Step 4(a) on this Form W-4P.

Example 2. Carol, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Carol does not have a job, but she also receives another pension for \$25,000 a year (which pays less annually than the \$50,000 pension). Carol will enter \$25,000 in Step 2(b)(ii) and in Step 2(b)(iii).

If Carol also has \$1,000 of interest income, then she will enter \$1,000 in Step 4(a) of this Form W-4P.

Example 3. Don, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Don does not have a job, but he receives another pension for \$75,000 a year (which pays more annually than the \$50,000 pension). Don will not enter any amounts in Step 2.

If Don also has \$1,000 of interest income, he won't enter that amount on this Form W-4P because he entered the \$1,000 on the Form W-4P for the higher paying \$75,000 pension.

Example 4. Ann, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Ann also has a job that pays \$25,000 a year and another pension that pays \$20,000 a year. Ann will enter \$25,000 in Step 2(b)(i), \$20,000 in Step 2(b)(ii), and \$45,000 in Step 2(b)(iii).

If Ann also has \$1,000 of interest income, which she entered on Form W-4, Step 4(a), she will instead enter \$26,000 in Step 2(b)(i), leave Step 2(b)(ii) unchanged, and enter \$46,000 in Step 2(b)(iii). She will make no entries in Step 4(a) of this Form W-4P.

If you are married filing jointly, the entries described above do not change if your spouse is the one who has the job or the other pension/annuity instead of you.

Multiple sources of pensions/annuities or jobs. If you (or if married filing jointly, you and/or your spouse) have a job(s), do NOT complete Steps 3 through 4(b) on Form W-4P. Instead, complete Steps 3 through 4(b) on the Form W-4 for the job. If you (or if married filing jointly, you and your spouse) do not have a job, complete Steps 3 through 4(b) on Form W-4P for **only** the pension/annuity that pays the most annually. Leave those steps blank for the other pensions/annuities.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. Including these credits will increase your payments and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include amounts from any job(s) or pension/annuity payments. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than

Specific Instructions (continued)

having tax on other income withheld from your pension, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 6, if you expect to claim deductions other than the basic standard deduction on your 2024 tax return and want to reduce your withholding to account for these deductions.

This includes itemized deductions, the additional standard deduction for those 65 and over, and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from **each payment**. Entering an amount here will reduce your payments and will either increase your refund or reduce any amount of tax that you owe.

Note: If you don't give Form W-4P to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer will withhold tax from your payments as if your filing status is single with no adjustments in Steps 2 through 4. For payments that began before 2024, your current withholding election (or your default rate) remains in effect unless you submit a new Form W-4P.

Step 4(b) – Deductions Worksheet (Keep for your records.)

1	Enter an estimate of your 2024 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1	\$ _____

The Retirement Process

PSERS cannot accept the retirement application more than 90 days prior to the retirement date. Please note: There will be a one-month delay on the first check if the application is received less than 30 days prior to the effective date of retirement. The application is considered filed only when PSERS has received it.

Processing may be delayed if an application is received incomplete.

Retirement always begins on the first of a month. All retirement payments will be direct deposited on the last business day of each month.

Re-Employment After Retirement

You must have a one-month break in service between your retirement date and the date of your rehire.

If you return to PSERS-covered employment after retirement, and you are over age 65 upon rehire, you must choose whether to continue to receive your retirement benefit or to become an active PSERS Member again. If you choose to become an active Member, your retirement benefit will be suspended, you will make Employee Contributions to the system, and you will accrue additional Creditable Service. Once you retire again, the sum of all of your Creditable Service will be used to determine your final retirement benefit.

If you are less than age 65 at rehire, you will automatically become an active Member upon rehire. Your retirement benefit will be suspended, you will make Employee Contributions to the system, and you will accrue additional Creditable Service. Once you retire again, the sum of all of your Creditable Service will be used to determine your final retirement benefit.

If you attain age 65 during your period of rehire, you will have the opportunity to elect whether to continue as an active Member, or to resume receiving your retirement benefits based on your new total Creditable Service accrued up to age 65. If you choose to begin receiving your retirement benefit again, then you will no longer make Employee Contributions to PSERS or accrue additional Creditable Service while you remain actively employed.
