Summary

This bill creates the Peach State Saves Program, a state-administered defined contribution retirement plan for private persons and businesses who employ 5 or more employees 18 years of age or older. These employers must automatically enroll their employees in the program at a 5% employee contribution to an individual Roth IRA account (percent and type of account adjustable by the program's Board), and employees can opt-out or adjust contribution rates at any time. Employers already offering a qualifying retirement plan would be exempt.

Employers who fail to enroll employees in a timely manner would owe \$250 per employee during the first year of noncompliance and \$500 per employee during subsequent years. These penalties can be waived if the employer corrects the violation within 90 days. Employers who fail to facilitate payroll deductions and remit contributions to the program in a timely manner would be subject to a \$500 penalty per violation.

Employers would not be responsible for investment decisions or program administration, and would be shielded from liability related to the program. The program would be administered by the ERSGA and managed by a Board consisting of the ERSGA Board of Trustees plus three additional members with relevant expertise who would be appointed by the Governor of Georgia.

The program's implementation schedule must be substantially completed on or before January 1, 2028.

Summary

This bill establishes the State Law Enforcement Officer (SLEO) Plan under the Employees' Retirement System of Georgia (ERS). The bill amends the definition of a 'State law enforcement officer' to mean those certified as peace officers under Code Section 35-8-2 employed by the Department of Community Supervision; or any sworn police officers certified by the Georgia Peace Officer Standards and Training Council employed to perform the duties of a peace officer, as such term is defined in Code Section 16-1-3, by the Department of Corrections, Department of Behavioral Health and Developmental Disabilities, Office of the Attorney General, Georgia Board of Dentistry, Georgia Composite Medical Board, Department of Driver Services, Department of Transportation, Office of the Inspector General, Prosecuting Attorneys' Council of the State of Georgia, State Board of Workers' Compensation, Department of Juvenile Justice, State Board of Pardons and Paroles, Georgia Public Safety Training Center, Public Service Commission, Georgia Bureau of Investigation, Department of Natural Resources, Department of Agriculture, Department of Revenue, Georgia Drugs and Narcotics Agency, State Forestry Commission, Office of Insurance and Safety Fire Commissioner, Georgia Ports Authority, Georgia World Congress Center Police; and Department of Public Safety.

Eligible State law enforcement officers must notify ERS of such irrevocable election into the SLEO Plan within 90 days of becoming a State law enforcement officer, or July 1, 2026,

whichever is later, after which point they will be considered an "electing officer." This bill also provides that no "electing officer" shall be eligible to retire at any point prior to July 1, 2031, and if they should do so before such date, he or she will not be entitled to any of the enhanced benefits provided under the SLEO Plan.

Members of the SLEO Plan will be entitled to the same benefits currently granted to law enforcement officers or members under ERS. In addition, they will be required to contribute five percent (5%) of his or her earnable compensation and receive enhanced retirement benefits based on their years of service. The following outlines the benefit structure for "electing officers" within the SLEO Plan:

Years of Creditable Service % of Average Final Compensation

10	10%

12	16%
13	19%

19	45%
20	50%
21	56%
22	62%
23	68%
24	74%
25	80%

After an SLEO member reaches 25 years of creditable service, they will not be required to make further contributions to the Plan and their retirement benefit will be calculated based upon his or her average final compensation at such time. If such member does not elect to retire after obtaining 25 years of creditable service, their retirement benefit, in addition to any postretirement benefit adjustments granted, will be paid into a Deferred Retirement Option Program (DROP) account until such member retires.

Lastly, this bill requires ERS to create DROP accounts for each eligible "electing officer," where the related benefit amounts deposited earn interest at a market rate, to be determined by the ERS Board. Upon retirement, members of the SLEO Plan with a DROP account are entitled to receive a lump sum, a partial lump sum, or an annuity payment from such funds in her or her account. Additionally, the Board can make available options to roll such DROP account funds into certain tax-advantaged retirement accounts.

Summary

This bill provides an option for public school permanent employees employed no less than half time, who are hired on or after September 2, 2026, who would have otherwise been a Public School Employees Retirement System (PSERS) member, to make a one-time irrevocable election to become a Teachers Retirement System (TRS) member.

Members who make this election would not be eligible for any transfer of creditable service other than actual TRS membership service or military creditable service.

Vested persons who transfer into TRS may elect to keep their accumulated contributions with PSERS and receive their earned pension upon reaching normal retirement age. Vested members who elect to withdraw accumulated contributions from PSERS would forfeit any right to a future benefit. Nonvested members who transfer into TRS would be required to withdraw their accumulated contributions from PSERS.

This Act would become effective July 1, 2026.
